

Ribbed Crochet Water Filter Sock

UPDATED 2/15/2018

Pattern created with the help of Sr. MaryRose Mroz, SCC, of Philadelphia, PA. Thank you, Sr. MaryRose, for sharing your gifts with our mission! The hearts of Water Women around the world will be touched by these useful and beautiful little gifts! Blessings for that! Sister Lorraine

This “sock” is designed to prevent cracks if the filter is dropped. It also provides a

wonderful personal touch that carries a special message of care to the receiving Water Woman. We suggest you say a prayer as you begin and/or conclude the sock—a prayer of blessing for the Water Woman and her ministry. Just imagine... this project will go from your hands into the hands of a mother who will cherish it for years to come.

Yarn: 4 Ply or doubled 2 ply, or cotton yarn. Please use attractive colors... the women love those!

Size G or H crochet hook: whichever gives you the correct gauge.

Gauge: Top to bottom should measure **5 1/2 inches long and 2 1/2 inches across. (NEW SIZE)**

Important! Check the ring after Row 2 to be sure it fits on the cap of a normal drink bottle. It should be **1 1/4 - 1 1/2 inches across.**

Pattern: Pattern fits the Sawyer PointOne filter.

Note: Working from bottom up!

SL = Slip stitch DC = double crochet

Important: Crochet in tight stitches... you are making armor, not an afghan!

To begin: Chain 14 and join to create loop. This is the bottom of the sock.

Row 1: 22 DC in loop, join with slip stitch. Do not turn.

Row 2-End: Ch 3(counts as DC), FPDC around 2nd DC in row below stitch, *DC in next stitch, FPDC around next DC* repeat ending with FPDC. (If the yarn isn't too thick, you can do a BPDC in every other instead of just the regular DC). Join with a SL to starting chain. Do not turn. Check length and width against photo on back, or on Mock Filter (see sidebar.)

Final Row: crab stitch (reverse sc) in each DC around, join with a SL. Finish off and weave in ends.

Tie: Make a chain of 75, and thread behind the FPDC of the row second to top to create a tie.

To produce a correct size, please SEE PHOTOS on the next page or the back of this copy. NEW! If you plan to be a regular contributor to this project, please contact us for a **Mock Filter**: a 3D model that will help you ensure the filter socks are the correct size! info@waterwithblessings.org, or 502-749-5492.

How to correctly size your filter socks!

If you plan to be a regular contributor to this project, please contact us for a **Mock Filter**: a 3D model that will help you ensure the filter socks are the correct size!
info@waterwithblessings.org.

About 2 ½ Inches

About 5 ½ Inches

Fits nicely over a toilet paper tube.

Opening made by first rows fits nicely over a drink bottle cap or a coffee creamer packet.
